BIO

Mike Charles (aka Charlesy) is a songwriter and music producer. He writes songs for `The Charlesys` and has them recorded in a country style in Nashville, USA. In July 2023 the album `Nine Country Nuggets` was released and features some of Nashville`s finest session musicians.

Before `The Charlesys`, he was a founder member of the Accelerators, initially on guitar/vocals and then moving to bass/vocals. The Accelerators enjoyed 21 years of playing gigs across the south-west of England and achieved airplay on BBC Radio Two, ITV soap Emmerdale and on many other radio stations around the world.

Charlesy also played shows in the Dominican Republic with Los Tres Rebeldes. These included 3 memorable gigs in the women`s prison at Najayo to publicise the prison reforms which were put in place to make prisons more humane.

A song entitled `Slapton Sands (Exercise Tiger)` about the WWII tragedy involving the loss of 946 US servicemen, due for release on 22nd April 2024.

The recording of a follow up album to `Nine Country Nuggets` is already underway and expected to be released later in 2024.

These days he focuses on writing, producing and recording. `The Charlesys` are the songs themselves. Please have a listen and if possible like and share.
